PROFESSIONAL SUMMARY

Computer Science student (Mumbai University, 2023–2026) with hands-on experience in full-stack web development, Python scripting, data analysis, and team leadership. Published researcher with internship experience managing projects and cross-functional teams. Seeking software development, web development, or data analyst opportunities to leverage technical and leadership skills.

EDUCATION

Bachelor of Computer Science

2023 – 2026

Mumbai University – S.K. College of Science & Commerce, Nerul
CGPA: FY: 8.13 | SY: 8.43 | TY: 9.15 | Overall: 8.75

HSC – Science

2021 – 2023

Tilak College of Science and Commerce, Vashi – Maharashtra State Board | Percentage: 61.00%

SSC

2021

Modern School, Vashi, Navi Mumbai – Maharashtra State Board | Percentage: 79.60%

WORK EXPERIENCE

Software Development Intern (Leadership Role)

12 Months

Phelix Creatives

- Led and managed a team of 4–5 interns, coordinating deliverables and timelines across multiple projects
- Successfully executed 4–5 end-to-end projects, gaining experience in client communication and project management
- Conducted interviews and onboarding sessions for new interns, strengthening HR and leadership capabilities
- Collaborated with company staff to align intern output with business requirements

Web & Database Management Intern

3 Months

AshwaGrid

- Served as Team Manager, Website Manager, and Database Manager for a startup environment
- Built and maintained the company website and managed social media presence to drive engagement
- Developed a Data Funnel System using Google Sheets and Google Apps Script for centralized data management
- Automated data extraction, processing, and sharing workflows, demonstrating skills in scripting and automation
- Built Ashwagrid Data Funnel Software enabling centralized data management across multiple sheets; automated data extraction, processing, and sharing to streamline access for users

Data Analyst & Developer

4 Months

Asawa Insulation PVT LTD

- Managed and analysed company data, conducting in-depth research and organising datasets in a structured and efficient manner
- Utilised ERP systems, Microsoft Excel, and AI tools to derive meaningful insights and support data-driven decision making
- Developed websites and internal software solutions for the company to streamline business operations
- Built and deployed tools within the company's sandbox environment, enabling smoother service delivery and easier management of internal workflows

TECHNICAL SKILLS

Programming Languages: HTML, CSS, JavaScript, Python, PHP, Node.js, C++ (Basic), .NET, C#

Frameworks & Libraries: Python Django, Python Tkinter, OpenAI API Integration

Tools & Platforms: Git/GitHub, Blender, DaVinci Resolve, Canva, Excel, Google Sheets, Google Apps Script, Wix

Databases & Backend: Database Management, SMTP Integration, API Development, Supabase, SQL, SaaS

AI Tools: Claude (Anthropic), ChatGPT, DeepSeek, Replit, Flow, Loveable, Stitch, ElevenLabs

Soft Skills: Team Leadership, Project Management, Client Communication, Social Media Management, Cyber Security Awareness

Languages: English (Fluent), Hindi (Fluent), Marathi (Moderate)

PROJECTS

OrderPay – QR-Based Restaurant Ordering System

- Full-stack web application enabling customers to scan QR codes, browse menus, and place orders online
- Integrated SMTP for user authentication and notifications; built admin panel for menu and order management
- Demonstrates skills in full-stack development, system design, and database architecture

3D Interactive Car Showcase Website

- Canvas-based 3D website featuring immersive animations and real-time user interactions, inspired by Ferrari
- Built with JavaScript, HTML/CSS, and PHP with focus on performance, responsiveness, and scalable architecture

AI Desktop Assistant (Python + OpenAI API)

- AI-powered desktop assistant handling query responses, app/website launching, weather updates, and reminders
- Demonstrates skills in automation, API integration, and intelligent user interaction design

Allin1 Document Converter Application

- Multi-format document converter (image to JPG, Excel to CSV) using Python backend with JavaScript/PHP frontend
- Secure file handling with seamless frontend-backend communication

Data Entry Application (Python Tkinter)

- Designed a GUI-based data entry app using Python Tkinter implementing full CRUD operations (Create, Read, Update, Delete)
- Built functionalities to add, edit, save, and delete records with a clean and intuitive interface
- Focused on simplicity, usability, and efficient local data management

QR Code Generator Web Application

- Built without external APIs using PHP and JavaScript; supports text and URL QR codes with downloadable output

RESEARCH & PUBLICATIONS

- Published research paper in the International Journal of Advance and Applied Research (IJAAAR), Vol. 6, No. 27, Mar–Apr 2025. Topic: Doctorlink: A Sustainable Solution for Online Appointments and Networking Between Doctors and Patients
- Qualified for the Final Round of the 19th Avishkar Research Convention 2024–25, organized by Mumbai University
- Presented research paper at an International Research Presentation at Tilak College of Science and Commerce, Vashi
- Presented research paper on software frameworks at CaseCrunch event, Institutional Innovation Cell (IIC), S.K. College

CERTIFICATIONS

- 30-Hour Course on Internet of Things (IoT)
- 30-Hour Course on Python Django
- Claude 101 – Anthropic Skilljar

HACKATHONS

Finalist — HACKVERSE 2.0 (24-Hour Hackathon)

Mar 2026

Watumull Institute of Engineering & Technology, Ulhasnagar — CSI-WIET Chapter

- Competed in a 24-hour hackathon, advancing to the finals among participants from multiple colleges across Maharashtra
- Participated in 2 further hackathons ranging from 12 to 36 hours, consistently delivering functional prototypes under time-constrained environments

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

- Admin Head – Student Council, S.K. College of Science and Commerce Nerul (2025–2026)
- Chairperson – Soft Skill Committee, S.K. College of Science and Commerce Nerul (2025–2026)
- Joint Chairperson – S.K. Centre of Excellence Committee
- Social Media & Technical Head – Institutional Innovation Cell (IIC) (2024–2025)
- General Body Member – Rotaract Club, S.K. College (2023–2024)
- Organized college events across First, Second, and Third Year
- Secured 2nd Place in Relay Race at S.K. College Sports Event
